

## TERMINATION OF GS1 SERVICES

### IMPORTANT – READ THROUGH THOROUGHLY BEFORE SENDING THE FORM

Please note that it is not possible to terminate the GS1 Company Prefix if the terminating company still has GTIN codes, or other GS1 identifiers generated and active from the terminated prefix. (E.g. SSCC-codes or GLN-numbers)

A company prefix from which a GLN number has been created for the Synkka or Golli service cannot be terminated, unless the services are also terminated. The terminated company identifier is also deactivated in the GS1 Rekisteri and can no longer be used. The company prefix or the codes and products formed from it may no longer be used.

The service must be terminated by the end of the invoicing period (year), so that the following year's annual invoice is not generated. Invoices open at the time of termination must be paid before termination.

If you have any questions about service termination, please contact GS1 Customer Service ([asiakaspalvelu@gs1.fi](mailto:asiakaspalvelu@gs1.fi)) before sending the termination form.

If you want to transfer an existing service to another company, you must fill out the GS1 services transfer application.

Fill in and print the form, sign and scan it and send it by e-mail to [asiakaspalvelu@gs1.fi](mailto:asiakaspalvelu@gs1.fi).

You can also mail the signed form to GS1 Finland Oy, Firdonkatu 2 T 108, 00520 Helsinki.

You will receive a separate confirmation in your e-mail when the notice of termination has been processed in GS1 Customer Service.
